PRADEEP STAINLESS INDIA PVT LTD

Since its foundation in 1979, Pradeep Stainless India has evolved from a small business venture into one of the country's leading manufacturer and exporter of stainless steel products with a global footprint that spans more than 10 countries. Over 35 years of excellence, innovation, and expertise combined with the latest technological advancements have made us the most trusted name in the business.

The Legacy

Our manufacturing unit was first set up in 1978. In 2001, we shifted our facility to the Madras Export Processing Zone, a special economic zone (SEZ) in Chennai established in 1984. Spread across 16000 sq. metres, our factory stepped up its production of export quality stainless steel utensils, kitchenware, tableware, catering wares, petwares and planters. Our products were exported to UAE and Saudi Arabia and gradually, they were in high demand in the entire Middle-East and Africa. In addition to these countries, today, we have an extensive presence in the Indian continent and Europe. Many of our electrical products have earned international certifications. We have state-of-the-art manufacturing and export infrastructure that's operated by more than 800 skilled and unskilled employees. The entire process from design to production and packaging is deftly conducted within our own factory campus. We also have a special R&D and in-house design cell where our product designs are conceptualised, created, and tested by qualified design and development engineers.

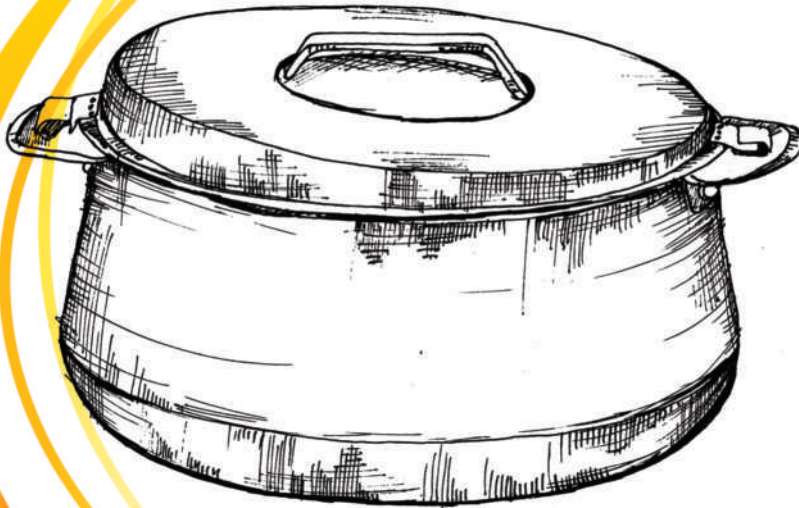

The Legacy Continues

*To develop and market top-grade, value for money products with a keen eye on new trends and technologies has always been the core objective of our company. Therefore, we strive to constantly innovate our product offerings, besides maintaining our well-established range of stainless steel products for food and beverage preparation, storage, and serving. The legacy of **Pradeep Stainless India** is now being carried forward by a team that's endowed with excellent academic and professional achievements under the ever-inspiring guidance of **Mr. B. Ramesh Chand**, the Chairman of the company. Pradeep Stainless India is being steered to greater heights through their dedicated efforts and teamwork.*

UNIT - 1

Hotpots

Our range of stainless steel hotpots are ideal for keeping food warm for a longer duration. Made from best- in-class stainless steel, our hotpots are built with double wall insulation that offers minimal heat dissipation. As a result, they help keep the food warm for up to 4 hours. Available in mirror- polished finish, our hotpots retain their stylish appearance for years to come. The extensive range comes in a large variety of shapes and designs and sizes - limited option is a thing of past!

*CFC & HCFC free 'HDPE' Insulation | Fully Recyclable, Eco-Friendly Stainless Steel
18% Cr - 8% to 10% Nickel | 304 Grade - 18/10 Stainless Steel*
